& OUR FAMILY OF AGENCIES

Challenge

The foundation's outdated video surveillance system posed significant challenges in terms of monitoring capabilities and overall security. With limited features and functionality, the system fell short of providing adequate surveillance coverage and real-time monitoring.

Solution

Rivell collaborated closely with the JCC to understand their unique security requirements and objectives. Following a comprehensive assessment, Rivell recommended and implemented a state-of-the-art video surveillance system tailored to the foundation's specific needs.

Results:

With advanced features such as high-definition video quality, remote access, and motion detection, the foundation gained enhanced visibility and control over its premises. Rivell's solution provided peace of mind, knowing that the foundation's facilities are well-protected against security threats.
